CEMETERY REPORT.

REPORT OF THE WALPOLE VILLAGE CEMETERY COMMITTEE.

The cemetery, under the care of John E. Proctor, has been kept in good order during the year. Flowers and foliage plants have been set out as usual and one of the main drive-ways has been graveled throughout its length.

The committee recommend the appropriation of \$175 for the coming year.

RECEIPTS.

Balance on hand as per Report, 1893,	\$ 3 59	
Received town orders,	161 62

			\$189 21

In the above is included the care, fertilizing and ornamenting of the lots, for the maintainance of which the town holds trust funds, and there has been expended on them as follows:

Catherine Livingston lot,	\$2 00
Joseph Plaistridge lot,	2 00
Kilburn Monument lot,	4 00

The balance of the income of the Livingston and Plaistridge funds has been used in the general care of the cemetery.

J. G. BELLOWS,	} Committee.
C. R. CROWEL,	
T. B. PECK,	

WALPOLE TOWN LIBRARY.

REPORT OF THE COMMITTEE FOR THE YEAR ENDING MARCH 1, 1894.

The whole number of volumes now on the catalogue is 5233, of which 247 have been added during the past year. Of these 109 volumes have been purchased by the town, 136 have been presented by various persons and two valuable works of reference have been loaned to the Library. A list of donors is appended to this report and the Committee take this opportunity to thank them, in behalf of the town, for their liberality.

The number of volumes taken out during the year 1893 is 6542, made up as follows :

From the Central library,	5088.
From the branch at North Walpole,	1004.
From the branch at Drewsville,	450.

The continued large circulation of books from the branches at North Walpole and Drewsville is sufficient evidence that the library is doing a good work at those points. It should be taken into account that nearly all the books taken out from those branches would not have been taken out by these readers at all if they had been obliged to come to the central library for them, and that the library is thus accomplishing a great extra amount of good at small expense.

The number of volumes taken out from the central library shows quite an increase. We think that there has been a gain in the use of the reading room, but should be glad if more,

especially of the young people, would form the habit of going there. The supply of periodicals, suitable for young as well as adult readers, has been kept up from the Reading Room Fund, of which sufficient remains to furnish magazines for another year.

A careful account has been kept by the librarian of the number of persons who have visited the library during the year 1893. This includes those who have taken out books, or made use of the reading room, as well as those visitors who have been drawn there by the desire to see one of the town's most attractive institutions. The total attendance reaches the large number of 6028, a good indication of the estimation in which the library is held by the public.

During the year a number of articles of local and antiquarian interest have been presented, including some ancient manuscripts, a revolutionary musket and other relics. Two fine photographs of Independence Hall and the Liberty Bell have been presented by Mrs. Copley Amory and ornament the reading room.

Considerable progress has been made in the preparation of the card catalogue. Nearly one-third of the library is now catalogued. It would be desirable to have this work completed at an early date, but it has been thought best not to incur any expense for labor outside of the Committee, and the time which can be devoted by them to the work is of course limited.

The Committee recommend an appropriation of \$360 for the coming year, \$325 for the main library and \$35 for the branch at North Walpole. RESPECTFULLY SUBMITTED,

Hudson E. Bridge, chairman,	Mrs. Alfred M. Foster,
Waldo F. Hayward, treas.,	Mrs. Hudson E. Bridge,
Thomas B. Peck, sec.,	Mrs. A. P. Richardson,
Josiah G. Bellows,	Miss Frances M. Sabin,
Patrick E. Griffin,	Miss Mary A. Tobey,

A. C. DICKEY.

The past year has been one of general prosperity for our schools. The new school house at No. 2 has been used for two Primary schools with more than one hundred scholars. The School Board has ordered seats for another room in the new house which will be ready for the Spring term if required. There has been but two terms at No. 6 owing to sickness the first part of the Winter, but there has been a Winter term at the comfortable school house in No. 3. Mary E. Brennan, who has been a faithful teacher for several years at No. 2, resigned her position and Cindie Dalton of North Walpole was secured in her place. The sickness and death of Mr. C. Holland made a break at No. 10, which place was filled by Miss Kate E. Buxton. The problem which still confronts us about a larger concentration of scholars in the

south and east part of the district, has not yet been satisfactorily solved. There has been some damage to the school property in different parts of the district by the hoodlum element, and we desire the co-operation of the teachers and others so that those doing such damage can be prosecuted and punished.

BUILDING COMMITTEE.

The Committee elected to locate and build one or more school houses at North Walpole, have attended to that duty as follows: We decided to locate on the old No. 2 school house lot; builders were very busy at that time, which made it difficult to place a contract with a responsible party with the sum appropriated, but we made a contract with the Ripley Lumber Company of Poultney, Vt., by making some deductions from the original plan, and have erected a commodious building with four large rooms, and expended the \$6000 appropriated as per vouchers, hereby submitted to the Auditor, which leaves a balance of \$97.25 to be used in part payment for school seats, which have been ordered by the school board.

RESPECTFULLY SUBMITTED,

HENRY E. PUTNAM,	}	Building and Locating Committee.

JOHN L. HOUGHTON.

DISTRICT NO. 1.

Your Committee submit their annual report. The distribution in departments in your district could not, in the opinion of your committee, be abridged except to the great detriment of the course of instruction; to the best results however, each department needs a considerable accession of numbers, but as it stands each grade has a larger number than in many of the separate districts through the town generally.

The High School under Mr. Varney has enjoyed the advantage of his ardent and persistent instruction and his liberal education and large and varied experience and the district is to be congratulated on his retention.

Miss Ola Hubbard succeeded during the year to the valuable work of Miss Gorham in the Intermediate and justified to the general judgment of the district, the report previously received of her work. The State Normal School is not thrown away on such candidates as these.

Miss Carrie Wightman's work suffered no prejudice from her long retention in the Primary. The use made by her of a new grammar chart has introduced into this youngest grade and Miss Hubbard's as well, in a happy and intelligent way the study of this heretofore decidedly dull exercise.

Miss Maynard continues to raise the grade of the schools in singing, to the approbation, we think, of all the patrons of the schools.

We have discharged this year our indebtedness for the concrete walks, substituted coal for wood in the one remaining room, bought the chart alluded to above and made a few imperative repairs. All of which is respectfully submitted.

GEORGE I. BARD,	} Committee.
